
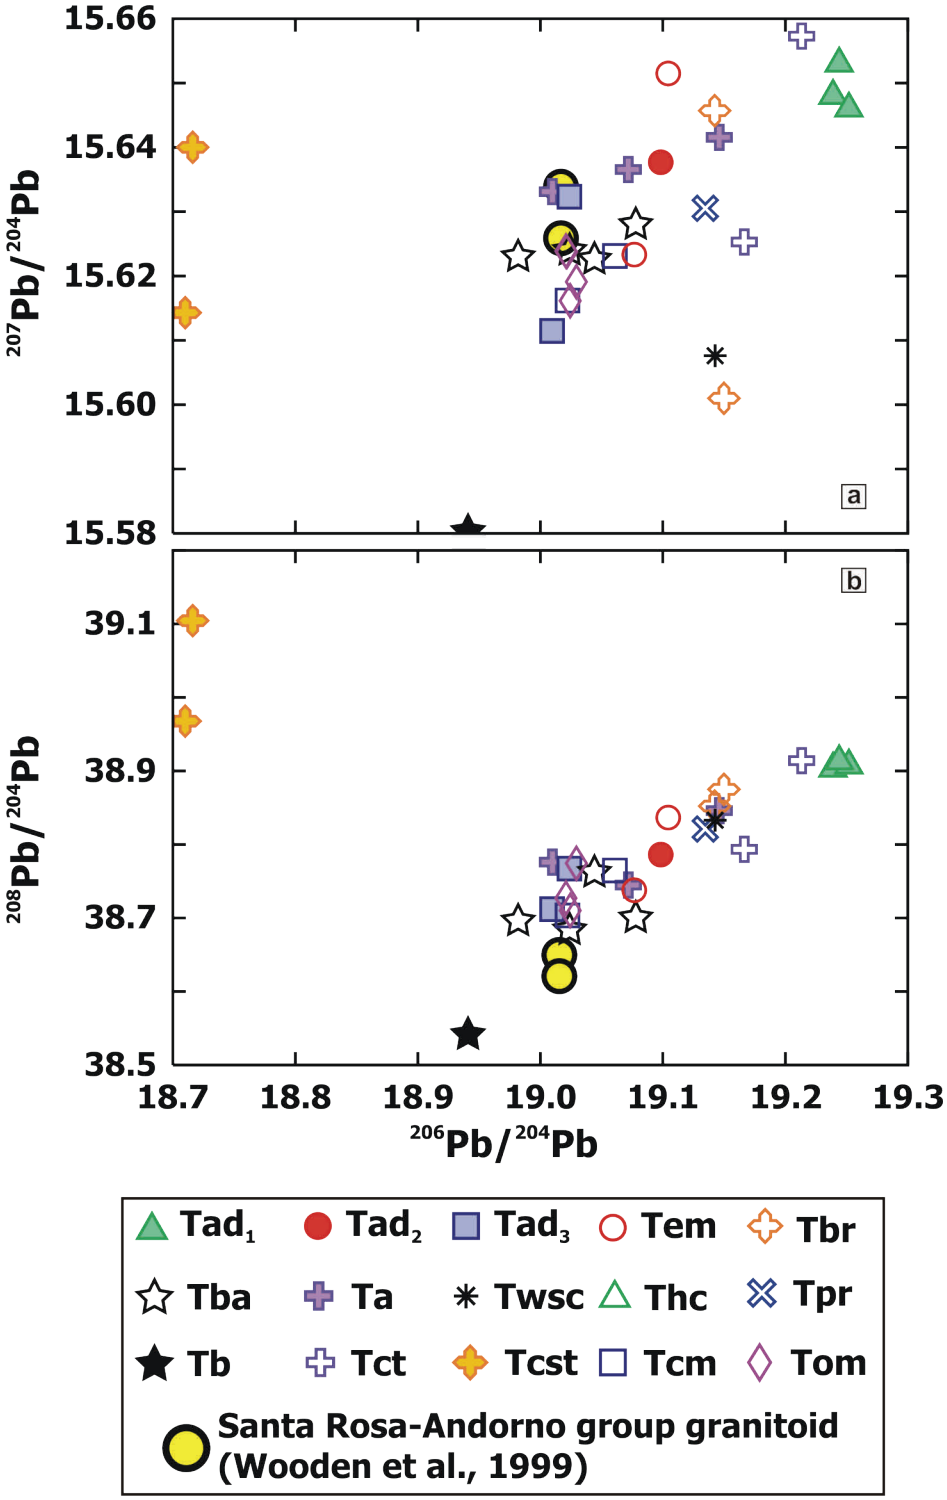

Figure 26. Pb isotopic compositions of SC units. **(a)** $^{206}Pb/^{204}Pb$ vs. $^{207}Pb/^{204}Pb$. (b) $^{206}Pb/^{204}Pb$ vs. $^{208}Pb/^{204}Pb$. Also shown is the initial Pb isotopic compositions of two Santa Rosa-Andorno group Kg samples (Wooden and others, 1999).
