Dear Mr. Fields:

We are sending you copies of the geothermal fluid injection history at the Peppermill Hotel and Casino Injection well #4. The well has given the operators no trouble and continues to junction very smoothly.

The delay in sending the initial batch of records was caused by the departure of Mr. McCormick and the subsequent hiatus in hiring Mr. Dustin to that position. We assume further data will be maintained on a timely basis in the future.

Sincerely,
WILLIAM E. NORK, INC.
