Subject: Monthly Report of Geothermal Operations for Desert Peak 2 and Brady Power Plants

Brady Power Partners hereby submit the Commercial and Industrial Class Geothermal Electric Producers Monthly Reports and Geothermal Subsurface Injection Monthly Reports for Brady and Desert Peak 2 Power Plants, both in Churchill County, for the month of January, 2008.

Due to the intermittent operating condition of the Desert Peak II facility and communication failure on the Production wells flow rate, we were unable to obtain reasonable estimates on production flow readings in January. Communications were corrected on 2/5/08.

If you have any questions, or require further information, I can be reached at (775) 423-5800.

Sincerely,

Pat Bonnett
