Carson City, NV 89710

Dear Dick:

The Empire Geothermal Power Plant operated (under testing conditions) from December 27, to December 31, 1987. The following table contains the information for the December 1987 Geothermal Producers Report required by your department.

Well No.	R	T	S	Total Gallons Produced	Avg. Temp.
43-21	23E	29N	21	13,993,900	271°F
52-21	23E	29N	21	5,764,320	270°F

The power plant did not consume any of the water during the reporting period. As always if you have any questions please contact me.

Sincerely,

Monte C. Morrison
Assistant Plant Manager
