RE: Monthly Production and Injection Reports

Enclosed is the *June* 2007 monthly report of production, injection and plant operations for Ormat Nevada Inc., Steamboat I/IA, Steamboat II/III, Steamboat Hills, Galena I, and Galena 2 Power Plants.

Please note that the total allocation of the wells supplying the Galena 2 plant has not been resolved yet. We are still determining the proper allocation of geothermal fluids to the Galena 2 Plant and expect to have the total allocations calculated by the time June 2007 reports are submitted. The total production and injection flows for this reporting period are still being reflected in the Steamboat Hills plant report. Thank you again for your time and patience in this matter.

Please call my office at 852-1444 ext. 14 if you should have any questions.

Sincerely,

Robert Filut  
Operations Manager

Copy: Wade Posten, Plant Manager
