Department of Minerals  
400 West King Street  
Suite 106  
Carson City, Nevada 89710

Dear Kathy:

Enclosed are the State Production and Sales Reports for the Nevada Properties operated by Harper Oil Company. As these reports generated by our computer system are in a different format than Nevada's State Report, I felt some explanation was needed, particularly for the large adjustment to inventory for B.S. & W. This correction is primarily the difference between "Gross" Sales as gauged and reported by the pumper, and the "Net" Sales as calculated from individual run tickets and verified against the purchasers Oil Run Statement. The "Net" Sales is adjusted to an API standard of 60°F and 40°API and also adjusted for B.S. & W. In the particular case of the Nevada production the API gravity is quite low (~25°API). The temperature is very high (~180°F) resulting in a significant adjustment. Attached is a page from the manual of Petroleum Measurement Standards Chapter 11.1, Volume Correction Factors, showing the correction factor for these conditions to be .9492. This factor coupled with the B.S. & W. adjustment for the volume of barrels sold from these facilities does reconcile the large adjustments taken under the B.S. & W. heading.

I hope this explanation is helpful. If you have further questions please contact me.

Sincerely,

HARPER OIL COMPANY

  
Chris Kennedy  
Manager Production Statistics and Marketing

RE: Nevada Administration Fee

Dear Kathy:

Effective March 1, 1985 Harper Oil Company will operate the following wells located in Nye County, Nevada:

# 1	Bacon Flat
# 1	Grant Canyon
# 3	Grant Canyon
# 4	Grant Canyon
# 1	Trap Springs
# 1R	Trap Springs
# 2	Trap Springs
# 3	Trap Springs
# 4	Trap Springs
# 8	Trap Springs
# 9	Trap Springs
# 16	Trap Springs
# 17	Trap Springs
# 19	Trap Srpings

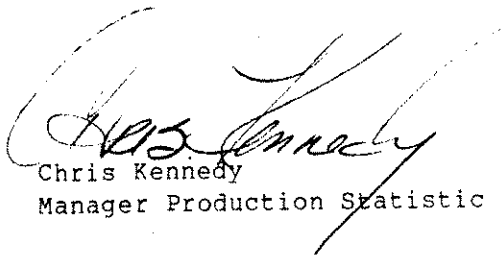

This letter is sent as clarification of the filing and payment of the 5¢/barrel Administrative Fee that is paid to the State Treasurer for each barrel of oil sold during the month.

MIDCON CORP.

As the tax form is a part of the producer's monthly report, the report will be filed by the Production Statistics section of Harper Oil Company. Bonnie Silva is the person specifically responsible. In the past Marathon Oil Company filed and paid tax specifically on their interest. Effective March 1, 1985, Harper Oil will file the report and pay the fee on 100% of the barrels sold, subsequently billing each interest owner for their proportionate share. If there are any questions of this procedure please contact me.

Sincerely,

Chris Kennedy  
Manager Production Statistic and Marketing

Tax at **\$0.05** per 50,000 MCF . . . . . \$.....  
Total tax monies remitted herewith to State Treasurer . . . . . \$ **112.47**

Remarks:

Beginning with 8408 sales, Marathon Oil Company will take their oil in kind on the following leases: Trap Springs 1-R, 2, 3, 4, 8, 9, 16, 17, and 19. Marathon Oil Company will file the summary section only of the Producers Monthly Report (Form 7) for the barrels taken in kind that we will be paying \$.05 per barrel administrative fee on. MAPCO, Inc., the operator of the above-mentioned leases, will continue as in the past to file the Producers Monthly Report showing 100% of the monthly lease activity. In the summary section they will report and pay the administrative fee only on the non Marathon Oil barrels whereas they previously would remit 100%. Marathon Oil's filing and payment will make up the difference. MAPCO has already agreed to these changes. We previously discussed these changes by phone with Kathy Loomis of your office who indicated that as long as the filing was adequate and payment was prompt and correct, there should be no problem with making these changes.
