 Partial funding for this research was provided by the STATEMAP Program of the U.S. Geological Survey (grant numbers 14346L-1242 and 14346L-07, AG-01790). In addition, the Las Vegas office of the U.S. Geological Survey is acknowledged for providing vehicular support during part of the study, for which we thank Greg Owen. The U.S. National Park Service at the Lake Mead National Recreation Area kindly provided housing at Calville Bay during mapping of the north half of the quadrangle, for which we thank Kent Turner and Daniela Carnes. Colonel S.A. Arrington, Captain R.J. Brown, and Sergeant James of the U.S. Air Force are thanked for providing access to Healy Air Force Base. The views and conclusions contained in this document are, however, those of the authors and should not be interpreted as necessarily representing the official policies, either expressed or implied, of the U.S. Government.
